Washington, D.C. 20554

Dear Commissioners:

I have been involved in the retail business and in developing properties here in Sevier County for a number of years. In today's global and mobile economy, my customers demand to be connected to find retailers, to comparison shop with their smartphone and to stay in touch with their family.

Improved wireless broadband will add to an even better experience for our retailers and will add to our bottom line. I am in favor of any enhancement to the mobile network that adds value, and that is why I am supporting the proposed merger between AT&T and T-Mobile.

Sevier County has many beautiful things to offer those who visit our area including wonderful mountain trails and scenic views. With tourist attractions like Gatlinburg, Pigeon Forge, and the Great Smoky Mountain National Park, we are fortunate to be able to offer much to those who visit our area. I am confident however that new technologies like wireless broadband will improve the experience of those who visit as well as the bottom line of the businesses in our county.

I ask you to support the merger between AT&T and T-Mobile which will improve Sevier County businesses and families by helping create jobs and grow our economy.

Sincerely,

David Ogle
